ABOUT ME

Analytical Computer Science researcher seeking a Master's degree to deepen expertise in machine learning and computer vision, with a specific focus on biomedical imaging. Intending to utilize solid foundations in data structures, algorithms, and deep learning architectures to engineer advanced medical image analysis frameworks and assistive diagnostic systems. Goal is to transition into a high-impact role as a Senior AI Researcher or Solutions Architect in the digital health sector.

EDUCATION AND TRAINING

11/08/2022 – 09/04/2026

Bachelor of Science (BSc) in Computer Science & Engineering American International University-Bangladesh

Field of study Computer Science & Engineering | **Final grade** 4.00/4.00 (Ranked in the top 1% of the graduating class)

WORK EXPERIENCE

Qatar University Doha, Qatar

Department Qatar University Machine Learning Group

Link https://sites.google.com/view/mchowdhury/home?authuser=0

Research Assistant

01/04/2026 – Current

- **Conducting multimodal machine learning research under the supervision of Dr. Chowdhury.**

Neural Engineering, Data Analytics and Applied Science (NEDAAS) Lab Dhaka, Bangladesh

Department Research & Development | **Website** https://www.nedaas.org/

Link https://tinyurl.com/NEDAAS-Lab-Work-Certificate

Team Lead in Computer Vision & Augmented Reality

01/02/2026 – Current

- **Led CV and ML research projects aimed towards biomedical imaging and coordinated team activities and publications.**

Brainicon Technology Dhaka, Bangladesh

Department Backend Development | **Website** https://brainicontech.com/

Link https://tinyurl.com/Brainicon-Intern-Certificate

Software Engineer Intern

05/10/2025 – 18/01/2026

- **Contribute to full-stack development tasks, including React-based front-end and Django-based back-end.**

CERTIFICATIONS

DeepLearning.AI (Coursera), 25/04/2026

Neural Networks and Deep Learning

Learned valuable skills to build and train deep neural networks with a focus on optimization and supervised learning.

Link https://coursera.org/share/9fd9690137b0984e3b419a5f54f090ce

Brainicon Technology, 24/12/2025

Project Contribution with Git & GitHub

Learned and applied project version control using **Git** and **GitHub** in collaborative software development workflows.

Link https://www.brainicontech.com/certificate-verify/bti-2512-1003

ICT Ministry, Bangladesh, **21/01/2025**

Digital Skills for Students – Data Science in Python

Developed proficiency in **Python** and completed a project focused on **statistical analysis** using standard Python libraries.

Link https://training.edge.gov.bd/storage/certificate/student-training/certificate_678f5b6d4227e6.42211088.pdf

HONOURS AND AWARDS

21/06/2025 International Conference on Computer, Information Technology and Intelligent Computing (CITIC)

Best Paper Award

Link https://www.aiub.edu/aiub-students-win-best-paper-award-at-citic-2025-malaysia

28/08/2025 1st National BioMed Health ResearchCon

MedTech & AI Innovation Research Proposal Grant

Link https://www.aiub.edu/aiub-students-achieve-outstanding-success-at-the-1st-national-biomed-health-researchcon-2025

13/02/2025 American International University-Bangladesh (AIUB)

Dean's List Award For Fall 2023-2024, Spring 2023-2024 & Fall 2024-2025

Link https://tinyurl.com/Ashiqur-Deans-List-Award

07/02/2025 Bangladesh University of Business and Technology (BUBT)

Participant – National Robotics Championship

Link https://tinyurl.com/nrc-championship

11/10/2025 Institute of Science & Technology

Participant - 6th ECE Day

Link https://tinyurl.com/ECRCIST-Certificate-2025

20/12/2022 American International University-Bangladesh (AIUB)

Science Poster Competition (Finalist)

PUBLICATIONS

2026

BanglaSuicideBERT: Transformer-based suicide classification in Bangla: BanglaBERT vs. XLM-RoBERTa

- Developed and fine-tuned **BanglaBERT** for suicide risk detection in Bangla social media texts, achieving state-of-the-art accuracy **(96.21%)** and outperforming **XLM-RoBERTa**.

Journal Name International Conference on Electrical, Computer & Telecommunication Engineering (ICECTE)

2026

Bengali Political Narrative Understanding via Transformer Models for Web Applications

- Fine-tuned an **XLM-RoBERTa** transformer model to achieve a **76% macro F1-score** in multiclass Bengali political sentiment analysis.

Journal Name International Conference on Quantum Photonics, Artificial Intelligence, and Networking

2026

Transformer Architectures for Romanized Bangla Dialect Understanding in Resource-Constrained Conversational Systems

- Evaluated seven transformer models on the **Vashantor dataset**, proving that multilingual architectures outperform language-specific ones in classifying **Romanized Bangla** regional dialects.

Journal Name International Conference on Quantum Photonics, Artificial Intelligence, and Networking

2025

Exploring the Barriers to Undergraduate Student Engagement with Research Papers: A Machine Learning and Statistical Analysis Approach

- Applied **ML** and **Statistical** techniques to identify **obstacles preventing students** from engaging with research literature.

Journal Name Multimedia University Engineering Conference (MECON)

2026

Machine Learning for Risk-Based Authentication: PES-Guided Model Selection in Zero Trust Environments

- Benchmarked machine learning models for **Zero Trust Risk-Based Authentication** using a **33M-event dataset** and introduced a novel Performance-Efficiency Score.

Journal Name International Conference on Quantum Photonics, Artificial Intelligence, and Networking

2025

Using Deep Learning Techniques for Image-to-Bangla Natural Language Text Generation to Improve Mobility for the Visually Impaired in Bangladesh

- Developed a **vision transformer** pipeline to convert **images to Bangla** text for improving accessibility for **visually impaired** people.

Journal Name International Conference on Computer, Information Technology and Intelligent Computing (CITIC)

2025

RAPID: Robotic Arm Platform for IoT-Driven Disabilities Support

- Designed an **IoT-enabled robotic assistive system** incorporating **computer vision** for **limited gesture tracking**, enabling safe and reliable **human–robot interaction**.

Journal Name International Women in Engineering (WIE) Conference on Electrical and Computer Engineering

2025

Transformers for Low-Resource Religious Hate Speech Detection: A Comparative Study on Bangla Social Media Discourse

- Conducted a comparative evaluation of six **transformer models** on **Bangla Hindu-Muslim hate speech** data.

Journal Name IEEE/WIC International Conference on Web Intelligence and Intelligent Agent Technology

2025

Topic Modeling Violence Against Women in Bangladesh News: A Comparative Approach with LDA, Top2Vec, and BERTopic

- Conducted a comparative analysis of **three topic modeling** algorithms on **2,000 Bangladeshi news articles**, evaluating model performance using statistical and probabilistic metrics.

Journal Name International Women in Engineering Conference on Electrical and Computer Engineering

Transformer Models for Combating Cyberbullying: Comparative Evaluation on Racism and Sexism De- tection

- Led **comparative evaluation** of transformer models for **two popular types of toxic content**.

Journal Name International Women in Engineering Conference on Electrical and Computer Engineering

2025

A Numerical and ML-Based Study on MHD Thermal Flow Characteristics in Wavy Enclosure with a Baffle

- Analyzed thermal flow using **numerical simulations** combined with machine learning predictions.

Journal Name International Conference on Mechanical Engineering and Applied Sciences

2025

Scroll, Swipe, Repeat: The Cognitive and Social Impact of Short-Form Content on University Students

- Examined **cognitive and social impacts** of short-form content on **university students**, revealing its link to **distraction** and **reduced attention efficiency**.

Journal Name International Conference on Mechanical Engineering and Applied Sciences |

2024

Impact of Rainwater-Based Hydroponic Farming on Urban Resource Utilization and Sustainable Development Goals (SDGs)

- Assessed the feasibility and need for **hydroponic farming** in Dhaka through analysis of local **rainfall patterns**.

Journal Name South Asian Conference on Unfold Emerging Issues in the Context of Changing Climatic Scenario |

Volume, Issue and Pages Page 06 |

PROJECTS

05/12/2025 – 30/12/2025

Dragon News – ML-Based News Summarization Platform

Built an AI news app with **BART-based** article summarization using **React** and **Firebase**.

Link https://dragon-news-breaking-94881.web.app/category/1

01/04/2025 – 31/07/2025

Able Sign - Gesture Based Robotic Arm Control

Developed **ABLE SIGN**, an AI-driven gesture-controlled robotics system for excavators, with applications in **agriculture and manufacturing**, using YOLO, Python, and ESP32.

Link https://github.com/ashiqursaron/Able_Sign

15/02/2025 – 13/05/2025

Rice Leaf Disease Detection using YOLOv8

Developed and optimized a **lightweight YOLOv8** model for **Jetson Nano**, achieving high-accuracy **rice leaf disease** classification to enable **economical**, **scalable** crop protection.

Link https://github.com/ashiqursaron/Rice_Leaf_Detection_YOLOv8.git

20/12/2023 – 10/01/2024

Google Stock Price Prediction

Built an **LSTM-based** stock price prediction app with a **Gradio interface**, deployed on **Hugging Face**.

Link https://huggingface.co/spaces/ashiqurSaron/Google_Stock_Prediction

LANGUAGE SKILLS

MOTHER TONGUE(S): Bengali

SKILLS

Python | TensorFlow | Keras | PyTorch | OpenCV | NumPy | Raspberry Pi | Matplotlib | C++ | MATLAB | Pandas | Seaborn

NETWORKS AND MEMBERSHIPS

10/01/2023 – CURRENT Dhaka

IEEE Student Member

RECOMMENDATIONS

Md. Mortuza Ahmmed Associate Professor

He is innovative, reliable, and has published quality papers under my guidance. I confidently recommend him for future academic and professional success.

Email mortuza@aiub.edu | **Phone** (+880) 1819178019

Dr. Md. Saef Ullah Miah Associate Professor, Additional Director [IQAC]

A dedicated researcher and proactive problem-solver with unique approaches.

Email saef@aiub.edu | **Phone** (+880) 1723456106
